Indian Institute of
Technology Roorkee

Education

Indian Institute of Technology, Roorkee Aug 2024 - May 2028
B.Tech, Civil Engineering

Experience

Design Head | E-Cell IIT Roorkee May 2026 - Present

- Leading the visual identity and branding strategy for E-Cell IIT Roorkee and E-Summit across digital and print platforms.
- Designed 100+ marketing assets including campaign creatives, brochures, merchandise, presentation templates, and event branding.
- Developed scalable design systems while collaborating with cross-functional teams on branding, marketing, and product initiatives.

Designer | Design Studio, IIT Roorkee Feb 2026 - Present

- Contributed to multidisciplinary projects across Product Design, UI/UX, Branding, Graphic Design, and 3D Design.
- Designed digital experiences, brand identities, and creative assets for institute initiatives.
- Collaborated on workshops, event creatives, and user-centered design solutions.

Product Designer Intern | Athira Feb 2026 - April 2026

- Designed intuitive web and mobile experiences for an interactive student-tutor learning platform.
- Created user flows, wireframes, high-fidelity UI screens, and interactive prototypes focused on usability and clarity
- Collaborated on product decisions and iterated designs based on user needs, improving the overall learning and doubt-solving experience.

Projects

IRCTC AI Copilot Jul 2026
AI-powered Product Redesign | Product Strategy | UX Research

- Identified key pain points across the IRCTC booking journey through user research, journey mapping, and competitive analysis.
- Designed an AI-powered booking assistant to provide personalized guidance and simplify complex decisions throughout the travel booking process
- Defined product strategy, success metrics, and business impact to improve the overall booking experience and reduce user friction.

E-Summit 2026 Branding & Digital Experience Jul 2025 - Feb 2026

Brand Identity | Design System | Event Branding

- Led the visual identity and scalable design system for E-Summit 2026 across digital and print communication.
- Designed 100+ marketing assets spanning social media campaigns, brochures, merchandise, presentation templates, and event branding.
- Built a cohesive visual language across multiple event touchpoints while maintaining consistency, flexibility, and strong brand recognition.

Noosphere May 2025 - Nov 2025

Enterprise Dashboard | UI/UX Design

- Designed an enterprise dashboard for startup discovery using structured information architecture and intuitive data visualization.
- Developed scalable UI components to organize complex startup information and make exploration faster, clearer, and more intuitive.
- Streamlined key workflows and interactions to improve navigation, information discovery, and the overall enterprise user experience.

AZER Oct 2025

Accessibility-first Product Design

- Conducted accessibility research to understand usability challenges across users with hearing, visual, and mobility impairments.
- Designed inclusive user flows and interface concepts that balanced accessibility, usability, and real-world user needs.
- Explored accessible interaction patterns to create a more inclusive digital experience without compromising clarity, functionality, or visual consistency.

IndusInd Protect Jul 2026 - Aug 2026

AI-powered Insurance Product | Product Strategy | UX Research

- Identified key pain points across insurance management, policy discovery, renewals, and claims through user research and journey mapping.
- Designed an AI-powered protection platform with personalized recommendations, policy management, smart renewals, and digital claims support.
- Defined the product strategy and MVP through end-to-end user flows, interactive prototypes, and a scalable product experience.

Skills

Product: UX Research • User Flows • Wireframing • Prototyping • Information Architecture • Journey Mapping • Design Systems

Design: Figma • Adobe Illustrator • Adobe Photoshop • Canva

Achievements

- Runner-up, Design Track – Syntax Error 2025, IIT Roorkee
- Top 30 Finalist, Product Management Expedition (PMX) 2026
- Finalist, Swiggy Food for Thought Challenge
